

Name: Tolentino, James Brandon H.
Yr/Sec: BSCS 2-YA-1

FLOWCHART

EXERCISE 1

ALGORITHM

- Declare default numbers 26,49,98,87,62,75.
- Make a for loop to isolate the data declared.
- Make a condition to identify the even numbers.
- Identifying the number passed the condition then proceed.
- Display the default numbers, even numbers, and the sum.
